

Support Custom Remote Controller

To support custom remote controller with LIRC, your kernel version should be **3.14.29-56 (2016/04/20) or higher**.

This functionality is only available with Ubuntu.

(update 2018.06.25)

LIRC version of **Ubuntu 18.04** is higher than **Ubuntu 16.04** and related files under `/etc/lirc/` are configured differently.

Select your Ubuntu version first among the following guides.

Support Custom Remote Controller with Ubuntu 18.04
